

CGI-100 Gas Cutting Machine (auto-ignition)

DD

- ◀ The main body is made of high strength alloy aluminum by die-casting

DD

The speed system is adjusted by feeler of controllingsilicon unit, easy operating

- ◀ Quick switch for hose assembly, easy operating
- ◀ All key parts is made of copper, durable use
- ◀ With auto-ignition devise, easy operating, high safety
- ◀ Auto-ignition devise withhighefficiency,fastand save time

Suitable for ship building, oil, chemical, and metal structurefactory, etc

Auto-Ignition	Order	Model	LxWxH	Supply Voltage	Cutting Thickness	Cutting Speed	Dia.of.Circle Cutting	Total Weight
	NO.	NO.	(mm)	V/HZ	(mm)	(mm/min)	(mm)	(kg)
	HW1008	CG1-30H	435x210x240	AC220/50	6-100	50-750	11>200-11>2000	
		(durable type)	435x210x240	AC220/50	6-100	50-750	11>200-11>2000
