

OR-HW1.5kw Fiber Laser Welding Machine

Laser wavelength	1064±10NM
Output power stability	±2%
Total power	≤7.5KW
Fiber length	10m
Working environment temperature range	10-40℃
Spot adjustment range	0-5mm
Welding thickness range	0.5-4mm
Welding gap	<0.05mm
Welding speed	0-120mm/s
Welding head weight	SUP20S 0.8KG
Voltage and frequency	220V Single phase 50/60HZ
Packing size	1200*760*1450mm(including wire feeder)
Weight	230kg (including wire feeder)
